NINOX

NIGHT VISION BINOCULAR FOR GROUND FORCES

TROYA's NINOX is the state-of-the-art when it comes to night-time operations. The NINOX is designed to be compatible with any rugged terrain or difficult scenario its user will face in the field. This unique Commander's Night Vision Binoculars (NVB) enables Civilian, Police, First Responders and Military operatives, the best user experience and ergonomic design available for today's challenges. In order to facilitate depth perception, The NINOX is equipped with dual optical channels (objective lens and eyepiece), which enables for comfortable viewing, and an adjustable focus for an optimal viewing experience.

- ⊕ Fits All 18mm Image Intensifying Tubes
- ⊕ Durable and Rugged Design
- ⊕ Fits MICH/ PASGT Helmets
- ⊕ Operationally Proven
- ⊕ Mil-Std Compliance

** Ninox is a genus of true owls comprising about 30 species found in Asia and Australasia.*

NINOX
